Letters from Dr. Smith (who is still in England but expects to be ordered across the channel any day), to friends in Hondo are very optimistic. Letter from France.

Mr. and Mrs. Louis Mofield Receive
Sad But Consoling News
By Mail.

The following letters, sent from the battle-field in France—where just now the great war is raging again—and addressed to Mr. and Mrs. Louis Mofield here, were written by the 1st Lieutenant of the Company of the brave marines in which our soldier boy, John W. Mofield, fought and fell, give evidence of the fact that superior officers are taking good care of their men. In these consoling letters it appears that Corporal John W. Mofield was killed in battle on June 11th, 1918.

At the Front in France,
June 10, 1918.

Dear Mrs. Mofield:

This letter was written by your son, John; he happened to a bad accident and was not able to send it, so I am enclosing same and forward it to you.

Our work the last ten days has been very strenuous and also very dangerous as we were in the thickest of one of the greatest battles ever occurred in France.

The work done by your boy has been excellent in every respect, although very dangerous at times, he never murmured but did his duty very diligently and faithfully. His dutifulness as a soldier cannot be excelled and I take pleasure in telling you your boy is doing fine work and not only distinguished himself but has honored me as well as the entire Marine Corps.

His Company Commander,

MACON C. OVERTON,
1st Lieut. U. S. M. C.
76 Co., 6 Rgt.

Somewhere in France,
June 21, 1918.

Dear Mrs. Mofield:

Your son, John, was killed in action on the battle field of honor June 11th, and I, although grieved when one of my boys are killed, take pleasure in telling you your boy died at his post of duty like a man. He died with his gun in his hand and it's one of the greatest honors to a mother to have her son die for such a great cause as he did, because it means so much for the whole world and democracy.

Don't grieve about your son, although I know a mother's love for her boy has no end, but feel honored to know you gave a helping hand toward by furnishing a dear one to bring this dreadful war to an end.

I have only one death to die and have often written my dear old mother it would not only be an honor to her and myself, but to the whole Marine Corps to die on the field like your boy did.

Your son was buried by his Company comrades, his grave is marked and looked out for by our chaplain, so don't worry. His remains were laid to rest by our chaplain, and probably later will be sent back home.

Our whole company mourns the loss of one of our comrades and his memory will ever be close to me and all his company comrades.

We all mourn the loss of one of our soldier boys, but remember, "The will of our Father be done."

His Company Commander,

1st Lt. MACON C. OVERTON, U. S. M. C.
Commanding 76 Co., 6 Rgt.

These Kidney Pills Will Do You Good

Neglect is responsible for much of our ill-health. Prompt treatment results in relief—not only from the minor ailments but from the resulting complications.

If you value permanent good health you cannot afford to neglect the slightest trace of kidney weakness—

—the important duty of filtering the blood—cleansing the system of impurities, falls upon the kidneys—they require constant attention and demand it—they must be satisfied.

If they fail in their duty the certain result is impure blood, loss of all nourishment, and a poisoned system.

Don't allow it to go that far—

Nyal's Kidney Pills insure certain action of the kidneys—

rich red blood and the proper nourishment

They are not a "cure all"—just a kidney medicine—one that we personally recommend.

A Message from "Mickey".

The following chatty letter has been received from Wm. Schmidt, known among his friends as "Mickey". As this letter has been passed by the "Censor" (?) we feel that the amusement the letter will afford the writer's friends here, will not offend Uncle Sam.

Mare Island, Cal., July 12, 1918.

Dear Anvil Herald:

Happened to get a hold of a good old Hondo Anvil Herald that my Dad sent me, and I once more saw my name in print, among the notables. It made me think of you, so I decided to drop you a line and tell you a little about the Navy and Mare Island. As you know, I have been in about every branch of the service or military organization except the Camp Fire Girls' but now I am in the Navy, and I am here to stay until I get bumped off by one of the "big ones" or make a razor strap out of the Kaiser's boots.

Our customs here are about the same as those in the army. We live in long barracks but sleep in hammocks, strung up between two beams about seven feet from the floor, instead of beds. I don't know whether this is to accustom us to seasickness or just a scheme to sprout wings on us to prepare us for Heaven, but just the same we have to be some birds to stick to one; just one false move and out you come all in a heap on your ear.

Did you ever hear of a navy bean? Well, I often heard of the "critters" and wondered where they got the name. We had them tonight for supper—again.

But say, Old Daddy Daniels surely sees that we get enough to "chaw." Pure unadulterated wheat flour bread, native cantaloupes and grape fruit for breakfast, lots of meat—and beans, and then some. And the old motto of the "clean plate" is carried out exclusively, particularly after a good days drill.

We wear white middy blouses and white wide bottom trousers, and when this stiff Pacific Ocean breeze (same model as you get in Texas on a frosty morning, it is never warm here) goes shooting up those funnels you can feel your eye-lashes straighten out, and the company can keep step by the chatter of your teeth.

Will close for this time as there is some excitement outside—maybe it's a submarine.

Ship ahoy!

BILL SCHMITT, U. S. N.

WONDERFUL STUFF!

LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

MOODY, TEXAS.—"I gladly recommend Dr. Pierce's Favorite Prescription and the Loton Tablets. I believe I would be in my grave if I had not used these medicines. I was so nervous I was a wreck; was not able to do my housework. Dr. Pierce's Favorite Prescription was recommended to me. I had taken it but a day until my nerves were quieted down and I could sleep at night. I had not taken more than half a bottle before I noticed a marked improvement, so I continued. I then got stout and did as much work as five other women. I had a hurt in my side and a bearing-down, but the medicine put a stop to that. I am glad to recommend Doctor Pierce's medicines." — Mrs. GEORGIA BERRY.

Banish Idleness.

Idleness, rather than the love of money, is the root of all evil, and uncheerfulness is one of the shoots from the root, asserts the Los Angeles Times. There is no such thing as idleness in nature. The worlds that glitter in the arch of the heavens are ever moving. The moon never stays in one place. The restless sea moans in and out over the harbor bar. The rivers gurgle and splash as they journey to the sea. The trees change their costume twice a year and grow a little every hour of every day in the year. The birds never roost at noonday, and man is the only animal who oversleeps himself. "A contented mind is a continual feast," and the worker, whether he labors with brain or brawn, who finds delight in his work, who sings as he cheerfully lifts the hammer or laughs as he pens the thought that comes to him, is happy and content.

Early California History.

The first white men to visit San Francisco bay were of the expedition of Portola, a Spanish adventurer who became the first governor of California. Portola himself was not a member of the party which, 148 years ago, gazed upon the site of San Francisco and Oakland. The honor of discovery belongs to Father Juan Crespi and Sergeant Ortega. Gaspar de Portola, "captain of dragoons and governor of the Californias," probably never saw the bay, but his name is perpetuated as the discoverer by the annual Portola festivals in San Francisco. Sir Francis Drake came near discovering the bay in 1578, when he landed at a point 30 miles to the northwest.

Special Tax

For Maintenance of Public Schools and Furnishing Free Text Books.

HOUSE JOINT RESOLUTION No. 27.
Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section 3):

SEC. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this state; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas", and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the state, and to provide free text books in the public schools of the State of Texas."

SEC. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

SEC. 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

Best Thing I've Ever Seen" Says Compton—Gains Ten Pounds On Tanlac.

There are five of us at home who have taken Tanlac and it hasn't failed us in giving good results in a single case," Arthur M. Compton, a popular man at the Oriental Hotel and living at 205 Wood street, Dallas, Texas, writes.

"As to my own case," Mr. Compton writes, "Tanlac has increased my weight ten pounds in the past three months and has certainly relieved me of a great deal of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was nervous I could hardly sleep, was all worn out and had that tired, sluggish feeling all the time. I had fallen off my weight and was awfully sick and dispirited."

Finally my uncle from Terrell, Texas, persuaded me to try Tanlac and it has been a wonderful thing for me. My appetite is fine now and I eat like a man. My nervousness is entirely gone. I sleep like a log and all my sluggish, depressed feelings have left me. I commend Tanlac every chance I get because it has done me so much good. It has helped our whole family and all of us are using it. It certainly is the finest medicine we ever had in our house."

Tanlac is sold in Hondo by W. H. Brown, in Devine by Lion Drug Co., in D'Hanis by Louis Carle, in Dickey Drug Co., and in Dallas by Louis A. Baby.

Back the Government to the Limit

The Government has asked American business to pursue a certain course for the duration of the war.

Keep quality up and prices reasonable;—a strictly non-profiteering policy. It is the only patriotic policy.

It is the policy this company has always adopted and the one we will continue to pursue.

We stand ready to undergo any sacrifice in order to cooperate with the Government.

We believe it is best for ourselves.

We know it is best for our country.

We appeal to all concerns—big and small—to adopt the same policy.

American business must rally as a unit to the support of the Government.

It is the surest and quickest way to win the war.

Corn syrup or other syrup can be used to sweeten cakes, ices, desserts of all kinds, and for puddings, sauces, and for canning and preserving. In canning and preserving fruits, one-third by weight of the original amount of sugar used can be replaced by syrup. Here are some recipes suggested by the United States Food Administration.

- 1/2 teaspoon salt
- 1/2 teaspoon cinnamon
- 1/2 teaspoon cloves
- 1/2 teaspoon allspice
- 3/4 cups barley flour
- 1 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

PINEAPPLE SHERBET.

- 1 cup corn syrup
- 2 cups boiling water

When Bernhardt First Came.

Mme. Sarah Bernhardt made her first appearance in America at Booth's New York theater in 1880. She broke a contract with the Comedie Francaise in Paris and was fined \$20,000, in order to make her first tour of Great Britain and America. Before returning to Paris she toured North and South America and all of Europe, except Germany, refusing to visit the latter country. From the first Mme. Bernhardt was a favorite on this side of the Atlantic and she was warmly welcomed when she returned in 1882.

English Money.

The value of a dollar in English money varies with the rate of sterling exchange. Normally \$4.86 is equivalent to £1 in English money. At the recent rate of exchange the English equivalent is about \$4.75. On this basis \$50 would be worth in the neighborhood of £10 10s. For easy figuring we usually think of an English pound as the equivalent of \$5 in United States money.

Our Problem in France.

We get a better idea of the problems of our army in France when we understand that besides the battlefields France provides for them virtually nothing except air and water, says Fourth's Companion. Special Tax

For Maintenance of Public Schools and Furnishing Free Text Books.

HOUSE JOINT RESOLUTION No. 27. Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section 3):

SEC. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this state; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas", and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the state, and to provide free text books in the public schools of the State of Texas."

SEC. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

SEC. 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

"The Best Thing I've Ever Seen" Says Compton—Gains Ten Pounds On Tanlac.

There are five of us at home who have taken Tanlac and it hasn't failed me good results in a single case," Arthur M. Compton, a popular at the Oriental Hotel and living 215 Wood street, Dallas, Texas, writes to my own case." Mr. Compton writes, "Tanlac has increased my weight ten pounds in the past three months and has certainly relieved me of a great deal of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was nervous I could hardly sleep, was all over the place and had that tired, sluggish feeling all the time. I had fallen off my weight and was awfully sick and dispirited. Finally my uncle from Terrell, Texas, persuaded me to try Tanlac and it has been a wonderful thing for me. My appetite is fine now and I eat like a king. My nervousness is entirely gone. I sleep like a log and all my sluggish, depressed feelings have left me. I commend Tanlac every chance I get because it has done me so much good. It has helped our whole family and we are all boosting it. It certainly is the finest medicine we ever had in our house."

Tanlac is sold in Hondo by W. H. Brown, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in Compton by Dickey Drug Co., and in Dallas by Louis A. Haby.

Back the Government to the Limit

The Government has asked American business to pursue a certain course for the duration of the war.

Keep quality up and prices reasonable;—a strictly non-profiteering policy.

It is the only patriotic policy.

It is the policy this company has always adopted and the one we will continue to pursue.

We stand ready to undergo any sacrifice in order to cooperate with the Government.

We believe it is best for ourselves.

We know it is best for our country.

We appeal to all concerns—big and small—to adopt the same policy.

American business must rally as a unit to the support of the Government.

It is the surest and quickest way to win the war.

When Bernhardt First Came.

Mme. Sarah Bernhardt made her first appearance in America at Booth's New York theater in 1880. She broke a contract with the Comedie Francaise in Paris and was fined \$20,000, in order to make her first tour of Great Britain and America. Before returning to Paris she toured North and South America and all of Europe, except Germany, refusing to visit the latter country. From the first Mme. Bernhardt was a favorite on this side of the Atlantic and she was warmly welcomed when she returned in 1882.

English Money.

The value of a dollar in English money varies with the rate of sterling exchange. Normally \$4.866 is equivalent to £1 in English money. At the recent rate of exchange the English equivalent is about \$4.75. On this basis \$50 would be worth in the neighborhood of £10 10s. For easy figuring, we usually think of an English pound as the equivalent of \$5 in United States money.

Our Problem in France.

We get a better idea of the problems of our army in France when we understand that besides the battlefields France provides for them virtually nothing except air and water, says Youth's Companion. Everything that our soldiers eat, wear or use—even the railways to transport them and their supplies—has to be shipped from the United States.

AGES IMPORTANT JUST NOW

Month, Week or Day May Bring Man Within Scope of the Selective Conscription Law.

The exact ages of some 10,000,000 Americans are matters of considerable importance just now, asserts the Chicago Herald. Age determines eligibility to the National army. A month, a week or a day brings a man within the scope of the selective conscription law or gives him honorable immunity. The government must know definitely the birthdays of at least a tenth of the people.

In a very large part of the United States rumor is relied upon to establish age. The war department calls upon the census bureau, which takes an accounting every ten years. But the census officials are too honest to have much confidence in their own data concerning the birthdays of the people. Therefore Secretary Redfield is constrained to make another plea for the registration of the births and deaths of the inhabitants of the United States.

At the present time only in 13 states and in the District of Columbia are the records accurate enough to be regarded by the census bureau. Six other states, however, have been attempting to get rid of their habits, with the result that the so-called registration area may soon be increased.

LIGHTS OF SHINAGAWA BAY

Physical Phenomena in Japanese Waters Said to Have Been Caused by Countless Animalculi.

Strange lights hover over the waters of Japan at various places. The burning spring that appears at intervals of several years in one of the land locked bays is a natural phenomenon that has attracted the attention of the scientific world. A new and curious spectacle made its appearance in Shinagawa bay recently, when a myriad of pale green lights shone in the placid waters and attracted thousands of spectators to the shore, East and West News states.

The savants of Japan are giving much attention to this curious freak of nature. One college professor likened the exhibition to the innumerable lights off the coast of Chikusen and Chikugo in Kyushu. The latter lights, however, are of a yellow-red, orange color, whereas those in Shinagawa bay were pale green.

Doctor Kishizami of the college of agriculture in the Tokyo Imperial university collected a quantity of water from the bay. He has declared that the light is caused by countless animalculi. He describes these insects as gymnogyniids, belonging to the class Flagellata. Each measures one twelve-hundredth of an inch and has an alimentary canal. These insects must have been always present in the waters of that bay, but an excess of vegetable matter in the water so fattened and stimulated the animalculi that they became unusually luminous. The learned professor cites the appearance of the same phenomena at Hamburg in 1830, since which time no record exists of its recurrence until lately. The insects live at the bottom of the sea and come to the surface on rare occasions for oxygen.

GOOD OF COMPANY MANNERS

Obviates Arguments, Harsh Language, Criticisms and Other Features in Ordinary Home Life.

There isn't any trouble in the home when there is company in the house. Everything runs smoothly, as a rule, avers the Columbus Dispatch. The children are better behaved, regardless of what mother says about it; father is more patient. There is no quarreling among the children—when there is company. Everything is cleaner, and more orderly, and voices are lowered, and correct language is used.

Which is to say, wouldn't it be a blessed good thing to have "company manners" in the home all the time? To have the breakfast pass off as quietly; to have as little harsh language; to do away with the usual family criticisms—wouldn't it be glorious if we used "company manners" whether there is company present or not?

It would be an awful strain for a while, to be sure. The whole family is under a strain when there's company in the house. But the general effect would justify the strain. There would come a time when it wouldn't be any strain at all; it would become a habit. Table manners would be improved, conversation would be more rational, criticism would be less bitter, dispositions would mature with the sweetness of ripened fruit that has grown in the sunlight.

Next Saturday, July 27, is primary election day.

WHAT TO HAVE ON PICNICS

SUGAR IS SCARCE.

The work of the submarine off the Atlantic coast early in June resulted in a great loss of sugar from Cuba and Porto Rico. This means that we must be especially careful in our use of this important commodity. The United States Food Administration suggests that each person use no more than 3 pounds every month. Whenever possible honey, corn syrup, maple sugar and sorghum should be used.

DATE PUDDING.

1. 1 tablespoon cornstarch 2 cups milk 1/2 cup corn or maple syrup 12 seeded dates cut up small 1/2 teaspoon salt 1 teaspoon vanilla

Mix the cornstarch with 1/4 cup milk. Heat the remaining milk in a double boiler. Add the cornstarch, syrup, dates and salt, and stir until thick; cover and cook for 20 minutes. Add the vanilla and pour into a dish to cool. Serves five people. Prunes are good instead of dates.

SPICE CAKE

With part of the sugar replaced by corn syrup.

1. 1/2 cup fat 1/2 cup sugar 1 egg 1 cup syrup 1 cup milk 1 teaspoon vanilla 1/2 teaspoon ginger 1/2 teaspoon baking powder 1/2 teaspoon salt 1/2 teaspoon cinnamon 1/2 teaspoon allspice 3/4 cups barley flour 1 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the raisins and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

FROZEN CUSTARD.

1. 1 pint milk 1/2 cups cornstarch 1/2 cups cold milk or water 1 egg 1 cup corn syrup or sufficient maple syrup or honey for desired sweetening 1/2 cups vanilla 1/2 teaspoon salt

Scald the milk and add the cornstarch mixed with the cold milk or water. Cook the mixture over hot water for 15 minutes. Add the eggs, slightly beaten, and cook the mixture for 5 minutes. Add the corn syrup and the salt and stir the mixture well. Strain it and cool it. Add the vanilla and freeze the custard in the same way as any ice-cream.

FROZEN APRICOTS.

1. 1 quart apricots Water 2 cups corn or other syrup

To the syrup from the apricots add the corn syrup and sufficient water to make 1 quart. Since the sweetness of the apricots varies, more or less, corn syrup may be needed. Put the apricots through a strainer, mix the pulp thoroughly with the liquid, and freeze the mixture.

Cook the onion in the fat until tender, but not brown. Dissolve the soda in the milk and work into the cheese. Mix all other dry ingredients thoroughly with the bread crumbs. Blend peanut butter and onion with the cheese, and mix with them the bread crumb mixture. Form into flat cakes, dust with bread crumbs or cornmeal and fry a delicate brown in the fat in a hot frying pan.
